

Tracking & Cookies Data

We use cookies and other similar tracking technologies to monitor your activity on our website and to retain specific information.

Cookies are small text files that may contain an anonymous unique identifier. Cookies are sent to your browser from the website when you visit it and are stored on your device. Other tracking technologies include tags and scripts that collect and track information that is useful to us for improving and analyzing the functionality of our website.

You can configure your browser to either not accept any cookies or to decide when cookies are sent and when they are not. However, if you choose not to accept cookie delivery, it's possible that you may not be able to use certain parts of our website.
